COMPANY OVERVIEW
MeridianLink, which was found in 1998, is a vibrant company recognized as a leading financial technology provider. Headquartered in southern California, MeridianLink has unparalleled expertise in emerging technologies and is dedicated to applying our knowledge, skills and experience to the needs of the financial services industry. In US, we were ranked as an Orange County top work place 2009 by the Orange County Register Newspaper.
We are now developing a strong organization in VietNam in order to support US services and build software products. We has achieved the balance of financial stability since its first year of operation, very low employee turnover, and an excellent reputation within the financial services industry for high quality products and support services
We believe that promoting-from-within is the right way. Team members help each other grow. Everyone gets assignments that fit their passion, utilize their strengths, and help them grow professionally. Our employees focus on producing quality products as opposed to meeting an arbitrary deadline.
Why don't you knock the door of Meridianlink!
