

DORY Software Development Engineer

Position Type: Full Time Summer Internship

Dory.vn

JOB SUMMARY:

You're independent, detail-oriented, a firm believer in proponent of teamwork, and have strong organization skills. You enjoy working in a young and excited group who creates highly functional, reliable, and secure software for the US financial industry. You wish to be trained by overseas management and to have an opportunity to work in the USA. Such is what Dory will offer you. Your duties and responsibilities include as follows:

- Design, implement, test, and develop web applications for our financial sector
- Learn and deploy the latest technologies
- Build and maintain our highly dynamic, data-driver web application that can be used for our customer's orders, in millions per month

QUALIFICATIONS:

- ❖ Bachelor's degree from an accredited college/university in Math, Computer Science, and some knowledge of programming skills are a plus.
- ❖ Good verbal and written communication skills in English
- ❖ Superior in problem-solving and programming skills to work with multiple projects simultaneously
- ❖ Savvy and quick in learning latest technologies, and computer proficiency is a must

BENEFITS and SALARY:

\$900-\$1,500 or **negotiable** based on experience

- Flexible and friendly environment: casual dress code, company lunches and parties, free office snacks, and out-door activities.
- One month bonus (TET) and company subsidized gas, snacks, and meal plan
- Monday-Friday, work 40-hours weekly
- Excellent benefits: sick leave and vacation time for all employees. Also, full-time employees eligible for healthcare, provided by Liberty Insurance.
- Opportunity to learn in English via Dory's in-house English program
- Great opportunity to work oversea in USA (with excellent evaluation of job performance)

OVERVIEW:

Dory Ltd is a professional IT service provider fostering a mission to provide our customers in the financial sector with high-quality and reliable web-based application on popular software frameworks. Our team is young, flexible, and top graduates in their class. These talented staffs whose career benefits technically from a professional working environment and, at the same time, is ensured of opportunities to enjoy a friendly and vibrant organization. If you are eager to learn, to share your industry knowledge, to thrive for new challenges, or to work oversea, and you choose Dory, you have made a right decision for a long-term rewarding career.
